

My name is Kate Kilroy this year's Ambassador for the Ride for a Cure at Gunstock. I am mailing this information to you in hopes that you will contribute in some way to the Ride for a Cure at Gunstock which raises money for the Cystic Fibrosis Foundation. Cystic Fibrosis is a rare, terminal disease dependent on the donations from ordinary people like you and me for research and development. Since it is a rare disease and does not include large number of people, Pharmaceutical companies and large research groups are not interested because there is no profit for them. All the research and aid to people with Cystic Fibrosis comes through the Cystic Fibrosis Foundation.

As the Ambassador for the Ride for a Cure at Gunstock, I would really like to involve as many people in the community as I can, to donate money or even just pass around information and create awareness. We are so near a cure and you can help us reach that goal!

I was diagnosed with Cystic Fibrosis when I was three years old, so the Cystic Fibrosis Foundation is something I am passionate about. I would like to invite you to join us in finding a cure by being a sponsor, donating the services of your business as part of raffle, or giving any amount of money (tax deductible). Any help you can give will be greatly appreciated.

Perhaps you would like to join our group of motorcycles that will be meeting in Meredith and riding up to Gunstock Mountain. You will be most welcome, and it is great fun!

If you choose to get involved, and even better, get your friends and family involved, please read the information enclosed.

If you have questions or need more information, please contact me at (603) 279-8929 or by email at [kkilroy13@yahoo.com](mailto:kkilroy13@yahoo.com). If you chose to make a donation Please make checks or money orders payable to the CF Foundation and mail them to Kate Kilroy at 30 Circle Drive, Meredith NH 03253

You can also contact Jen Lorain, Director of Special Events, at the Northern New England Chapter of the CF Foundation at: (800) 757-0203; (603) 598-8191 or [jlorrain@cff.org](mailto:jlorrain@cff.org).

Visit <http://newengland.cff.org> to read more about Cystic Fibrosis and the recent advancement made through the efforts of people like you.
