

Letter from Harvey

Since 1995 we have had the pleasure of hosting an annual golf outing to benefit the Cystic Fibrosis Foundation. Over this period of time, our vendors, customers and friends have helped us to raise over \$2.5 million for much needed CF research.

Our event has evolved to include the endorsement of PGA Pro Bob Gilder, as well as the co-sponsorship of IEC of Oregon, and NECA/IBEW 48. These associations have helped in the overwhelming success and evolution of our event. We are very grateful for this wonderful affiliation.

As we looked to the summer of 2009, we have come to the realization that this year is much different than any we have faced in the past. While we would love to have a pleasurable day of golf for a worthy cause, we fully understand the hardship this may cause many of our supporters in a very challenging economy. While you may wish to continue to support the CF Foundation, we feel it is inappropriate to ask you to add the expense, travel and distraction of a day of golf when you are striving to keep your costs down.

To that end, we have decided to postpone our event this year. In place of the actual Golf Challenge we are offering Bob Gilder's virtual PLATT Golf Challenge. By visiting <http://oregon.cff.org/platt09> you will be able to add your support to this great cause if you are in a position to help. We know many of our supporters would still like to help the CF Foundation in some way.

I am pleased to let you know that Platt Electric Supply, Bob Gilder, IEC of Oregon and NECA/IBEW 48 have each made a pledge to get the virtual event rolling.

If you are in a position to help, please visit the website and do what you can. Your donations may be anonymous if you like.

We look forward to seeing you on the golf course in 2010!

Thanks so much

Harvey J Platt
Chairman
